

# 京都 Traveling Kyoto like natives

# Experiencing Machiya

Kyoto has a history spanning 1200 years.

Since time immemorial, it has nurtured a mesmerizing breadth and depth of tradition and culture. To touch upon the heart and soul of Kyoto, it is best to immerse yourself in the traditional lifestyle. We suggest a leisurely stay in a machiya townhouse, the dwellings built many years ago for the common townspeople, in order to explore and appreciate the hidden charm of the city. It will unlock the door to a realm of travel.
